Recorded the opinion that by appearance he is 55 years of age At first Thimmappa made a statement before the medical officer that he was only 57 years old but afterwards he has given a written Statement to the effect that he is 58 years old. In these circumstances the point for consideration whether he may be taken as Superannuated and Retired accordingly or his age taken as 57 years and Retired on medical Certificate of physical unfitness for further Service and for orders. Dr. II may be consulted

I think this is a case in which the entry in the Service Register and the first Statement of the Schoolmaster should be acted upon his second statement being apparently the result of an attempt to obtain the privilege of a superannuation pension. Same may be accorded to ~~his~~ the retirement on the medical ~~Cert~~ Certificate of invalidation his age being taken as entered in the Service Register & schedules &c

	The entry in the Service register shows that he was less than 55 years Thus the masters recorded age is less than 55 yrs In such a case, a simple certificate that incapacity is due to old age and debility as given in the present instance is not sufft (Vide art 309 M S R) If the medical officer does not discover any specific disease, he should give detailed reasons for his opinion That the officer is incapacitated by general debility while still under 55 and if possible a 2nd medical opinion should always in such a case be obtained (Vide art 308 (b)) In the present instance, the Medical officer has not given detailed reasons for his opinion Sent D M 2 38 SW 7-12-15 (6) For because the man is all over than 55 & detailed reasons were given for the man

From

Inspector General of Education in Mysore

To

C S Balasundaram Iyer Esq B A
Secretary to the Government of His Highness the
Maharaja of Mysore Departments of Education & Agriculture

SIR

I have the honour to inform you that when the Assistant Deputy Inspector of Schools Shimoga District inspected the Village Elementary School at Isur in Shikarpur Taluk he found Thimmappa Assistant Master to be too old to do his work efficiently and reported the matter to the Deputy Inspector of Schools Shimoga District Whereupon the Deputy Inspector asked the Assistant Deputy Inspector to send the master to the District Medical Officer at Shimoga for examination as to his fitness for being retained in service The Medical Officer granted a certificate No 28 dated 4th May 1913 (which is herewith submitted for reference and kind return) wherein he pronounced the teacher unfit for further service of any kind in consequence of old age and debility It may be seen that the recorded age of the master is only 50 years and odd and even in the presence of the

Medical

Medical Officer he stated that his age was 51 years The records having come up to this office it was pointed out to the Circle Inspector, Bangalore Circle, in this office No 1432/189 of the 1st August 1913 that the Medical certificate was defective in as much as it did not give detailed reasons for considering the master unfit for futther service as per Article 308(b) of the Mysoer Service Regulations The Medical Officer's reply No 786 dated 30th August 1913 together with the master's statement is herewith submitted It will be seen from the master's statement that he is now over 55 years of age His explanation for having understated his age when the service register was written is that he had no horoscope and that he did not consult his elders at the time He has put in a service of 29 years and he has been permitted to stay away from the date after that of the Medical Certificate

I request that permission may kindly be granted to retire the master on the authority of the Medical Certificate with effect from the date of his ceasing to work in the school
